Soft-Skills: Problem Solving, Time Management, Adaptability, Creative Thinking

Projects

Animazia – Zoo Website [Link](#)

- Built a full-stack zoo platform with ticket booking, donations, events, and volunteer job forms using React.js, Node.js, Express.js, and MongoDB.
- Designed a responsive UI with Tailwind CSS, Framer Motion, Swiper.js, and Lucide React.
- Integrated Stripe for payments, Multer for file uploads, and manage forms with Axios and Mongoose.

Pixelx – Series & Movie Website [Link](#)

- Built a responsive React application to explore trending games and live gaming news using RAWG API and Game News API.
- Implemented category filters, detailed game views, and news updates for an engaging user experience.
- Styled with Tailwind CSS, used Axios for API requests, and handled routing with React Router.

Dairy Products E-Commerce Website [Link](#)

- Developed a responsive and stylish website for selling dairy products
- Utilized HTML, CSS, and JavaScript for a fully functional frontend

Well Clean – Cleaning Company Website [Link](#)

- Developed a responsive and stylish website for a cleaning service company.
- Designed a home page with an auto slider to showcase services and promotions
- Integrated video and text sections to demonstrate various cleaning methods.

Fresh-Cart Grocery Store [Link](#)

- Fresh Cart is a modern e-commerce website built with Bootstrap.
- Utilizes Bootstrap's responsive grid system, components, and utilities for a mobile-friendly interface. Dynamic carousel showcasing featured products and offers
- Customer reviews section and FAQ section
